

JULY 1999 , LIGHTNING STRUCK THE SKY TOWER 16 TIMES IN 30 MIN

ERICO DYNASPHERE AFTER BEING AFFECTED BY LIGHTNING STRIKES

DYNASPHERE AT THE SKY TOWER MUSEUM

The Icon of Auckland is proud to show its visitors at the Museum that our reliable, rugged ERICO SYSTEM 3000 DYNASPHERE on July 21st, 1999 captured as many as 16 lightning strikes in a period of 30 minutes during a fierce thunderstorm.

The ERICO SYSTEM 3000 has been used in over 15,000 installations around the world. The following are just three of the many skyscrapers protected by this high - performance solution.

THE BANK OF CHINA IN HONG KONG HAS BEEN PROTECTED BY THE ERICO SYSTEM 3000 FROM MORE THAN 100 STRIKES SINCE 1989

CENTER POINT TOWER , SYDNEY HAS RECORDED MORE THAN 40 STRIKES SINCE NOVEMBER 1995
